OUR PERSONAL TIPS

**Small places and recommendations
that we personally enjoy and love sharing with our guests.**

Especially beautiful at sunrise

Seekirchen lido at Lake Wallersee

Sitting on the pier early in the morning, enjoying the quiet and slowly starting the day. The reflections on the water, the many birds around the lake and the peaceful atmosphere are especially beautiful. Sometimes even the ducks stroll calmly through the lido.

Coffee with a Lake View

Seecafé Glashaus

Located directly by the lido and perfect for a relaxing break by the water. The coffee is roasted in-house and genuinely excellent. We especially recommend the cappuccino or latte macchiato, the milk is incredibly creamy and beautifully frothed. The menu is rather small, but everything is freshly prepared with a strong focus on quality.

Perfect for Breakfast

Unterbäck Seekirchen

One of our personal favourites for a relaxed start to the day. The **handmade Dampfstangerl** have practically become a must for us. If you have breakfast there, definitely try the salmon bagel..

Staying Active with a View

Fitpoint Seekirchen

Right next to the lido, you'll find the Fitpoint Seekirchen with several outdoor workout stations along the route.

Especially nice: many people come here to walk, jog or exercise, yet the atmosphere still feels calm and relaxed. Perfect for a small workout session directly by Lake Wallersee.

Great for Families

Large playground near Bahnhofstraße

Just a few minutes' walk from our apartments in Bahnhofstraße, you'll find a large and very well-maintained playground for little adventurers. With plenty of play options, lots of space to run around and new corners to discover, it's easy to spend more time here than originally planned.

Something a Little Different

Football golf at Lake Obertrum (towards Mattsee)

Perfect for families, groups or simply a fun afternoon with a beautiful view. Located right next to Lake Obertrum and pleasantly uncomplicated.

Exploring the Salzburg Lake District by Bike

Around Seekirchen and throughout the Salzburg Lake District, you'll find beautiful cycling routes passing lakes, small villages and open countryside. Along the way, it almost happens automatically that you stop somewhere for a coffee, cake or a short break.

Bicycle Rental Sunbike

www.sunbike.info/de/bike-verleih/

Bicycles can easily be rented and, on request, delivered directly to our apartments.

OUR RESTAURANT RECOMMENDATIONS

Restaurants, cafés and special places that we personally enjoy visiting and recommend to our guests.

NOI Nostra Osteria Italiana

Italian restaurant in Seekirchen

Our personal recommendation for Italian cuisine in Seekirchen. The pizza in particular, with its thin, crispy crust and high-quality toppings, is highly recommended. Relaxed, uncomplicated and perfect for a lovely evening nearby.

Unterbäck Seekirchen

Breakfast & bakery

Perfect for a relaxed start to the day. We especially recommend the handmade Dampflstangerl. If you're having breakfast there, the salmon bagel is definitely worth trying.

Seecafé Glashaus

Coffee with a lake view

Located directly by the Seekirchen lido and ideal for a relaxing break by the water. The coffee is roasted in-house and tastes excellent. We especially recommend the cappuccino or latte macchiato, and the freshly pressed juices are also very good. The menu is intentionally kept small, but everything is freshly prepared with a strong focus on quality.

Seehotel Winkler, Fish & Escargot Restaurant

Fish restaurant with lake view

A wonderful place for anyone who enjoys fresh fish dishes. We especially recommend the pike-perch with mustard sauce, freshly prepared and genuinely excellent.

The paper-thin Palatschinken for dessert are almost a must as well.

During summer, the garden terrace with its lake view is especially beautiful, perfect for a relaxed evening in the Salzburg Lake District.

Huber's im Fischerwirt

Traditional Austrian & cosy

A lovely choice for classic Austrian cuisine in a warm and relaxed atmosphere. Especially suitable if you are looking for a calm evening with good food and friendly service.

Steinterrasse Salzburg

Drinks with a view

Perfect for a drink or dinner overlooking Salzburg. Especially beautiful in the evening or at sunset, if you would like to experience Salzburg from a slightly different perspective..

Hangar-7

Architecture, cuisine & outdoor lounge

A unique place in Salzburg featuring modern architecture, changing culinary concepts and a very special atmosphere. During summer, the outdoor lounge is especially popular, relaxed ambience, great cocktails and grilled dishes, sometimes even with a DJ. Perfect for a slightly different evening in Salzburg.

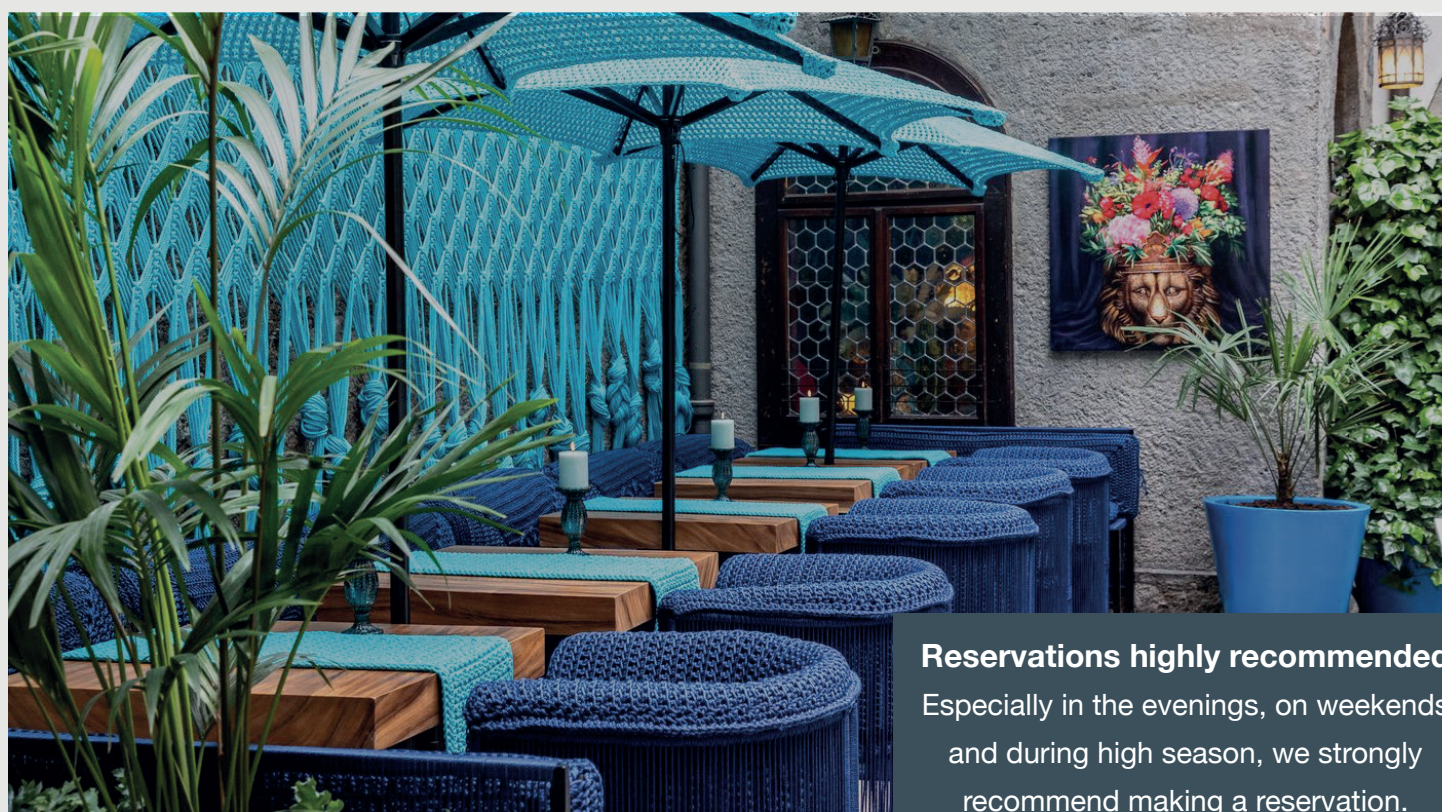

St. Peter Stiftskulinarium

Tradition meets modern elegance

Located in the heart of Salzburg's Old Town, St. Peter Stiftskulinarium combines historic surroundings with modern cuisine and a unique atmosphere.

What we especially love is the elaborate seasonal decoration, stylish, detailed and always something special. Every room feels like its own little themed world, with countless details to discover.

The outdoor area is also beautifully decorated throughout the year and creates a very special atmosphere in both summer and winter. Whether during the day or in the evening, the overall ambience is truly impressive and perfect for a memorable stay in Salzburg.

Reservations highly recommended

Especially in the evenings, on weekends and during high season, we strongly recommend making a reservation.

EXPERIENCING SALZBURG

Selected places that make Salzburg so special.

Hohensalzburg Fortress

A classic that still impresses. We especially love the ride up to the fortress and the panoramic view over Salzburg's Old Town and rooftops..

Mirabell Palace & Mirabell Gardens

Getreidegasse & Salzburg Old Town

Small alleyways, historic buildings, cafés, courtyards and countless little shops make Salzburg's Old Town especially enjoyable for strolling and exploring..

Original Fürst Mozartkugeln

For many guests, a small must-do while visiting Salzburg. The handmade Original Mozartkugeln from Fürst taste noticeably different from the industrial versions sold in supermarkets.

CULTURE, VIEWS & FAMILY

House of Nature

Especially great for children – but honestly, adults enjoy it too. Many areas are interactive, so you can explore, try things out and participate yourself.

Humanity really built an entire museum around pressing buttons and watching things move. Sensible, honestly.

Museum der Moderne Mönchsberg

Besides modern art, the panoramic view over Salzburg is especially worth it. Perfect to combine with a walk on the Mönchsberg hill.

Hellbrunn Palace & Trick Fountains

A great experience, especially on warm days. The trick fountains are surprising, playful and entertaining even for adults.

SEEKIRCHEN & SALZBURG THROUGH THE SEASONS

Small highlights, events and seasonal moods around Lake Wallersee and the SalzburgerLand region.

SPRING

As everything around Lake Wallersee slowly turns green again, a particularly beautiful season begins for walks, cycling tours and excursions throughout SalzburgerLand. Cafés open their outdoor terraces, the mountains are often still snow-covered, while spring is already arriving around the lake

SUMMER

Summer in Seekirchen is all about the water, long evenings and the relaxed atmosphere around the lake. The lakeside beach area, sunsets, cycling paths and excursions throughout the Salzburger Seenland region make this season especially diverse. Salzburg itself almost feels Mediterranean in summer – with small alleyways, outdoor cafés and many events under the open sky.

AUTUMN

Especially calm and pleasant for excursions. Temperatures are often still mild, the lake landscape slowly turns golden and many places become more relaxed again. Ideal for walks, culinary experiences, wellness or day trips towards the Salzkammergut region.

WINTER

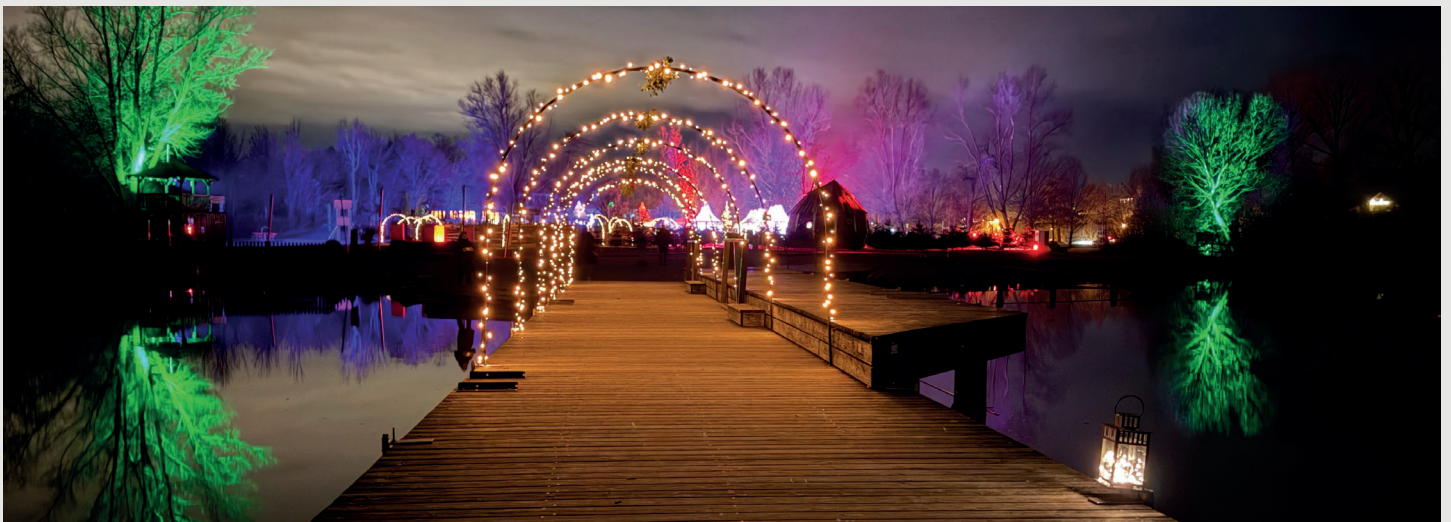

Salzburg becomes especially atmospheric during winter. The old town, Christmas markets and the “Lichterleuchten” around Lake Wallersee create a very special atmosphere. Many guests also use this time for winter walks, spa visits or day trips to the surrounding ski areas.

EVENTS THROUGHOUT THE YEAR

The Seekirchen town festival brings lively atmosphere to the town centre during summer – with several stages, live music and many visitors.

In winter, the “Lichterleuchten” at Lake Wallersee is one of our personal highlights around the lake. Especially in the evening, the area becomes calm, atmospheric and beautifully illuminated.
